Background

OUR DIFFERENCE

BACKGROUND

COMPANY HISTORY

With over 30 years of experience, 14 attorneys and paralegals assisted by a team of approximately 63 friendly and dedicated staff. With three branches located in Gauteng, no case is too big or too small... Trust us to handle it all.

The Company was established in 1986 by the current Managing Director, Mr. Jan Joubert and Mr. Evert Scholtz, who were two newly admitted attorneys and positive about their future as legal professionals. The firm grew astronomically over the years and the two Attorneys made

the most of every opportunity. Mr. Scholtz, at a later stage, decided to leave the legal service industry and is currently the proud owner of a very successful beverage bottling company.

Joubert Scholtz Inc. opened a branch office in Johannesburg in 1996, which was later transferred to the young lawyer, Mr. Alpheus Denga. Currently, we still practice in association with him. He has proven himself as a lawyer and has already been recognised by the Judiciary.

BACKGROUND

WHAT WE DO TODAY

Joubert Scholtz Incorporated is a legal firm who has diversified into all aspects of the law with very strong Conveyancing, RAF-claims, Estates, Eviction, Foreclosure and Collections departments. We are on the panels of Standard Bank, ABSA, First Rand Bank and Nedbank, to name some of the industry role-players.

We are currently spreading our wings by establishing a committed labour department and encouraging all young staff members to ensure that they are exposed to, and stimulated in, all fields of law. It is believed that the young minds hold the keys to the future and we take great pride in how we develop and encourage our younger staff members.

STRATEGY & VISION

VISION STATEMENT

It is our vision to be a firm in which we feel like family to our clients; we visualise ourselves to be a household name and a company where our clients are proud of us.

MISSION STATEMENT

It is our mission to be the most effective and reliable Law firm by continuously striving to increase our ability and knowledge and by ensuring that experts are employed and advanced in all aspects of the Law.

VALUES

The current Managing Director, as far back as 1986, set the company values to stand for honesty, integrity and efficiency. These values are held close to our hearts and we strive to enforce them in all business endeavours.

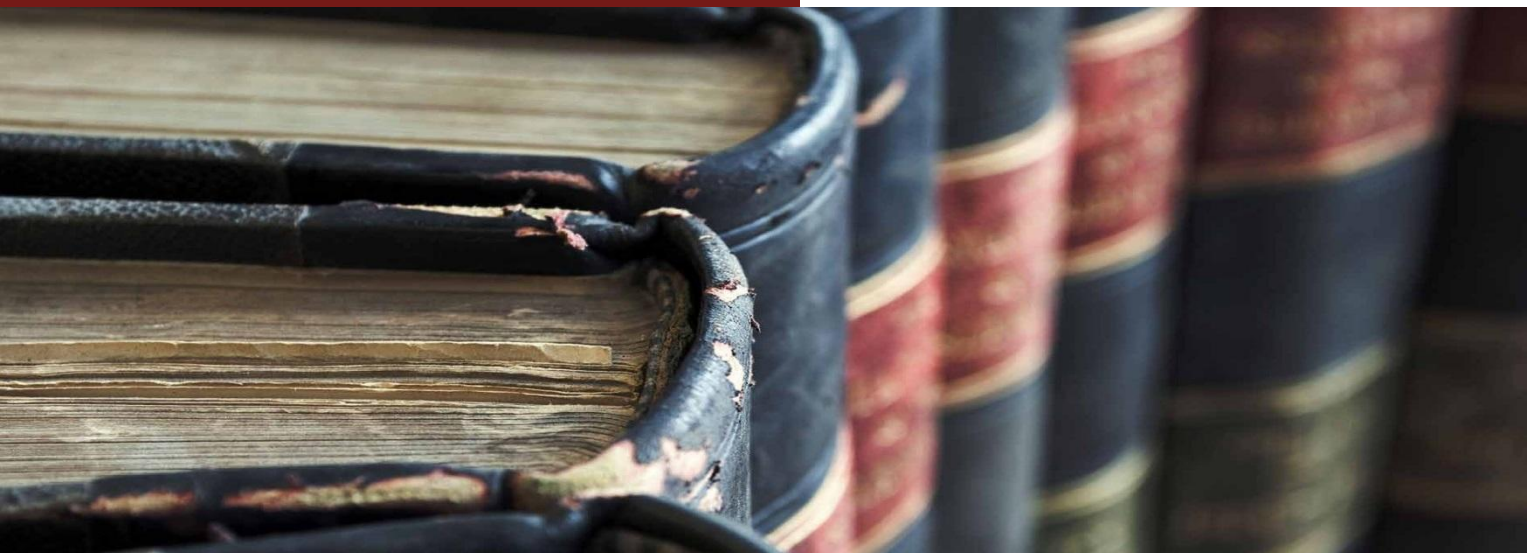

BUSINESS GOALS & OBJECTIVES

It is our goal to grow the company to be one of the leading law firms in South Africa; having the ability to provide sound advice and excellent service to all sectors of the community. We set yearly objectives which consist of the new matters we wish to familiarise ourselves with and engage in, as well as enticing more individuals and companies, to whom we can render our services.

GROWTH STRATEGY

The company strives to comply with BEE standards and is currently a level 2 Contributor. We are fortunate enough to have one complying director and eight senior associates as part of our team, furthermore we are developing previously disadvantaged personnel throughout the company. We believe that training and encouragement plays a major role in ensuring that objectives are met. The Company is also continuously evaluating prospects of amalgamating with previous disadvantaged legal firms.
